Robert Adams. On Lookout Mountain.

~~55,00 €~~ 38,00 €

Steidl, Göttingen 2023. 33,5 x 28,5 cm. 36 Seiten, 21 Abbildungen. Gebunden.- The view from Lookout Mountain west of Denver is of natural forms and our imprint on them, of the timeless and the passing. Generations have made their way there to find perspective on the city and the plains beyond. Robert Adams photographed from the overlook in 1970, and again in 1984. For this volume, he has assembled a selection of views which document a complex location that inspires both hope and despair.
